To the **University of The Philippines Nursing Alumni Association International Inc. (UPNAAI)**,

I would like to express my heartfelt gratitude to the University of the Philippines Nursing Alumni Association International Inc. (UPNAAI) for the invaluable financial assistance I received as a scholar.

When I first received word that I had been chosen as a scholar, I felt a wave of relief that's hard to put into words. Like many students, I had been quietly carrying the weight of worrying about how my family and I would manage the costs of my Nursing education. This scholarship lifted so much of that burden off our shoulders.

Because of this financial assistance and support by UPNAAI, I was finally able to buy the materials I needed for my program without feeling guilty about the expense or having to ask my family to stretch what little we had. Beyond covering my academic needs, the financial assistance also served as my allowance for transportation and food. This made a meaningful difference not only financially, but also in terms of my physical health and mental well-being. It relieved me of the constant stress of worrying about how I would afford the many requirements of my studies, especially given the current circumstances of my family and during these difficult times.

The support provided by the UPNAAI has allowed me to focus more on my studies and take care of myself better, both physically and mentally. I am deeply thankful to UPNAAI for believing in students like me and for helping me continue my journey toward becoming a nurse. I will always carry this kindness with me. Someday, I hope to be in a position to give back and help another student or my community the way UPNAAI has helped me.

Eternally grateful,

Jhoana Lyn Trinidad

BS Nursing Student
