Dear UPNAAI Donors,

Good day. I am writing this to say a huge, heartfelt thank you for the financial assistance that I received last May 20, 2026. When the stipend came through, it felt like a lifesaver for me.. Nursing school at UP is incredibly fulfilling, but the expenses in the city—living in Manila, really piles up so fast. Being raised by a single working mom, things can get pretty tight financially, and your generosity honestly lifted such a heavy weight off both of our shoulders. It's hard to put into words how much that means to us.

As of right now, I haven't touched or spent any of the money yet. I'm intentionally keeping it tucked away so I can use it entirely for my daily allowance once the midyear term starts, and to cover the first semester of my second year as well. Just knowing that my allowance for the next several months is already taken care of gives me peace of mind. I don't have to constantly worry about daily expenses and can just put all my energy into my academics and clinical duties at the hospital.

Thank you so much again for investing in my future and for lessening the load on my mom. Your kindness means the world to us, and it really pushes me to work twice as hard.

With deepest gratitude,

Yesha Nikita M. Pelaez
